THE PRINT OF THE PRINT O

to save the Austrians from any immediate danger of disaster, it is not likely that any considerable body of German troops need be sent to their help. The intact German reserves in France are mainly those in France are mainly those in France Rupprecht of Bavaria's command on the British front. Though they may be diverted elsewhere in the effort to obtain a surprise, it seems likely that the British Army will shortly be called upon to withstand the shock of the enemy's next effort. The fortune of that is the question will probably decide the political issues involved in the affaire von Kuhl.

THE R.I.C. AND THE C.R.E.

Mr. Mappherson—I will take note of any such case.

Mr. Mappherson—I will take note of any such case.

ENEMY ALIENS IN ANTRIM.

Mr. Samuels, answering Colonel McCalmont, said that a few aliens of enemy cannot long delay. The Germans know that every week sees the Allies in the enemy cannot long delay. The green growing stronger, and adding to Mr. Antrim. Consultations had recently taken place at the question of withdrawing residential permits from enemy aliens. He could not give authorities were last consulted with regard to the more antibals areas.

Sir Edward Carson—Why are persons of alien origin permits the consultations had been atking place on the subject.

Mr. Samuels, answering Colonel McCalmont, said that a few aliens of enemy cannot long delay. The Germans know that every week sees the Allies in the enemy cannot their defences. That his next blow will fall on our shoulders is, if not assured, be at any rate highly probable.

Only one subject seems to have much interest for the House of Commons just more attention. But his continual efforts to advertise himself receive very R. Of the couragement from the Speaker, Secrets and the couragement from the Speaker.

THE R.I.C. AND THE O.B.E. THE R.I.C. AND THE O.B.E.

Mr. Samuelia, in reply to Major Newman, said that members of the R.I.C. were slighble for the Order of the British Empire. The Inspector-General is a Knight of the Order, the Commissioner of Police of Belfast was a Commander, and County Inspector Holmes a Member of the Add not been expelled, by County Inspector Holmes a Member of the County Inspector Holmes a Member of the County Inspector Holmes a Member of the November theory would be less than the County Inspector Holmes and Member of the November of the No

issues involved in the affaire von Kühl-

The End of a Scandal.

In spite of its natural charms Dublin.

In spite of its natural charms Dublin, during the last century, has been left very much to its own people. There are—or were before the war—certain towns in England and France which attract strangers by their somery or by the strangers by their somery or by their some standard or Shammeen, which is a British concession, had not been expelled, but that it was thought they would be less mischievous Constabulary. Mr. Samuels asid he was sure that the House there than it allowed to roam at large in Constabulary for their fidelity and discipline that any honour or appreciation given the Constabulary for their fidelity and discipline that any honour or appreciation given the Constabulary for their fidelity and discipline that any honour or appreciation given the Constabulary for their fidelity and discipline that any honour or appreciation given the constabulary for their fidelity and discipline that any honour or appreciation given the constabulary for their fidelity and discipline that any honour or appreciation given the constabulary for their fidelity and discipline that any honour or appreciation given the thought they would be less mischievous that the House there than it allowed to roam a large in Conton, added: "A German under supervision." This dictum was greated with loud and general cheers.

The Line Almen of Philosoft the was plaining that the Germans in the island of Shammeen, which is a British concession, had not been explaining that the Germans the island of Shammeen, which is a British concession, had not been explaining that the Gunth of Shammeen, whic

LONDON CORRESPONDENCE.

prospects of achieving a decision se gravely that we need have no difficulty in certain of the North Pole as a matter of minor of the North Pole as a matter of minor of the North Pole as a matter of minor of the North Pole as a matter of minor of the North Pole as a matter of minor of the North Pole as a matter of minor of the North Pole as a matter of minor of the North Pole as a matter of minor of the North Pole as a matter of minor of the North Pole as a matter of minor and the North Pole as a matter of minor proper of the Polar regions. It is expected that, if the conditions are favored to the polar regions and the Austrian offers sive proposed accordingly, if not to disarm that years are effective opposed, a least a would compel the diversion to her aid of large distinct properties and properties and properties and the progressive accordingly, if not to disarm that year are decived to the progressive accordingly, if not obtained the properties and properties are considered by the the Austrian offers and properties and pr

the German offensive in France will not be renewed. On the contrary, in the present state of public opinion in Germany and still more in Austria-Hungary, it is more than ever necessary that the enemy should endeavour to achieve some shows success. Since the local difficulties on the Italian front, which prevent the Italian front, which prevent the Italian front following up their success across the Piave at present, should suffice to save the Austrians from any immediate danger of disaster, it is not likely that any considerable body of German troops.

THE GERMAN PLOT.

The reasons given for the non-fulfilment promise in this respect were the discovery Garman plot and the resistance in consect. It was a tragic thing that the cup who close to lealand's lips should have been because of such fulfings. He referred to thence which had been published as to the size of the German plot, and asked was such grounds as these that a nation's were to be disappointed. It was only by were to be disappointed. It was only by the contract of the lines recommend.

aliver, which they seized under the recent Process
mation, and took away in a military mojor van.

CHARGE OF HOARDING SILVER.

The first prosception in Ireland for hearding silver son, place in the Cort Proles Centry vesters, and the greatest untrush sheets, was charged. The not large when Hannah Twomey, incremed winter, Pean sheets, was charged. The revisioner was that a youth sheet removed the mency flety found 470 in alter and the interest sheets which was a discrete sheet sheets. He was a great the consequence that workers refused as your and the consequence that workers refused as your when Hannah Twomey, incremed winter, Pean sheets, was charged. The revisioner was that a youth sheet removed the mency flety found 470 in alter and the recomment's days were main sheets and good. At the time there was an acceptant the removal of the Cort Peans and the results of the people at the time for the Government's days were main and the cort sheets and good. At the time there was an acceptant to the consequence of the great sheets and the second of the Cort Peans and the second of the Cort Peans and the second of the cort of the Government's days were mains and the cort of the Government's days were mains and the second of the cort of the Government's days were mains and the second of the cort of the Government's days were mains and the cort of the great sheets and notes instead of silver the remainder in notes and good. At the time there were the cort of the cort of the great sheets and the second of the Government of the great sheets and notes instead of silver the results of the people and the cort of the great sheets and notes instead of silver the results of the majority of the great sheets and notes instead of silver the results of the people and the cort of the great sheets and notes instead of silver the results of the people and the cort of the great sheets and the second of the cort of the great sheets and the second of the grea

Bynogen Brings Health old by all Chemists at 1/9, 3/-, 5/- 6 9/-ALLEN & HANBURYS Ltd.

that every care should be taken of this first and greatest loan—to employ it to the best advantage.

The use of 'BYNOGEN' is eminently calculated to effect this purpose.

The use of 'BYNOGEN' is eminently calculated to effect this purpose. Containing a suitable proportion of a specially prepared extract—in a soluble form—obtained from selected whole wheat and malt, with milt-protein and organic phospharea, 'B Y NO GEN' is distinguished from other nerve-feods by its agreeable flavour. It is a food adjunct that induces healthy slees.

My Dearest Louis
